

MORETON BAY UNITED FC

Privacy/Risk Management Policy – Videography at Junior Games at South Pine Sports Complex Brendale and Wolter Park, Albany Creek

It is the club's expectation that any operation of video cameras or mobile phones is solely for personal use and will not be distributed without the consent of the recorded individual or group.

Whilst it is not unlawful to take video footage or photography of people (including children) at our complex, we would ask that as a matter of courtesy and respect, any person taking footage does advise the opposition team and request their consent before commencing filming.

The photograph should ideally focus on the game. Where possible, images of children/young people should be recorded in small groups (the group may comprise any combination of adults and children).

There should be no identifying personal information accompanying photographs, such as the child's name, address or telephone number.

If any participants or parents have concerns about inappropriate or intrusive photography, these should be reported to the ground official and recorded in the same manner as any other child protection concern and if necessary contact the police if you believe the situation is warranting that action.
